Real Estate Guide For Creating Wealth Fast and Retire Early-Wilnes Radegonde 2010-05-18 I wrote this book as a testimony of how property investing has changed my life in just over three years. Very few people think outside the square. They are caught up in 'the rate race' and just keep living the same way, year after year. However, there are some individuals who try to break away from this cycle of following the crowd. They are fed up with this miserable existence and explore ways to break out of this situation. I was once caught up in this very situation above before 2005. In 2005, I decided that I had enough of this living and economic conditions. I had to find ways to break free of this miserable existence and move up the economic ladder. I also wanted to be financially free. I wanted to have more money to retire early. I can say that I'm half-way there. In the next five years, I will have all the properties to complete my portfolio. My aim is to have a portfolio of 6-8 investments, most returning positive incomes.

Back on the Market-Holly Parker 2020-12-29 A hilarious view of life after divorce; you'll never look at properties again without thinking of your dating life. Back on the Market is a Realtor's guide to life, love, and dating and the multitude of challenges that come with it all. Holly Parker has sold 8 billion dollars of luxury real estate throughout her career as one of Manhattan's most successful brokers. Through her humor and quick wit, she connects common real estate terms to everyday life, making Back on the Market a fun and unforgettable read. After seven years of marriage, Holly found herself "falling out of contract," as a newly divorced woman reluctantly facing the prospect of being "back on the market." She understands that life is transactional, whether it's a business decision or those we spend our time with, so she took her skills as a master real estate agent and applied everything she knew to getting her life back. Cleverly told through the eyes of a Realtor, Holly depicts the perils of life, love, and dating—whether it's dealing with first-time buyers (those who have a romanticized version of what they think they want and what they can actually have), the value of curb appeal, fixing the foundation of a damaged home, not listing before you're ready to sell, staging, and so much more. Hilarious and emotional, Holly shares her dating experiences with "fixer uppers," the guys with "good bones," and the "forever renters." Back on the Market is a story of hope and the pursuit of happiness. Full of memorable takeaways, lessons, and anecdotes, Holly will help you find your perfect "home" and fall in love with life all over again.
